RETHINK THE PLAYGROUND

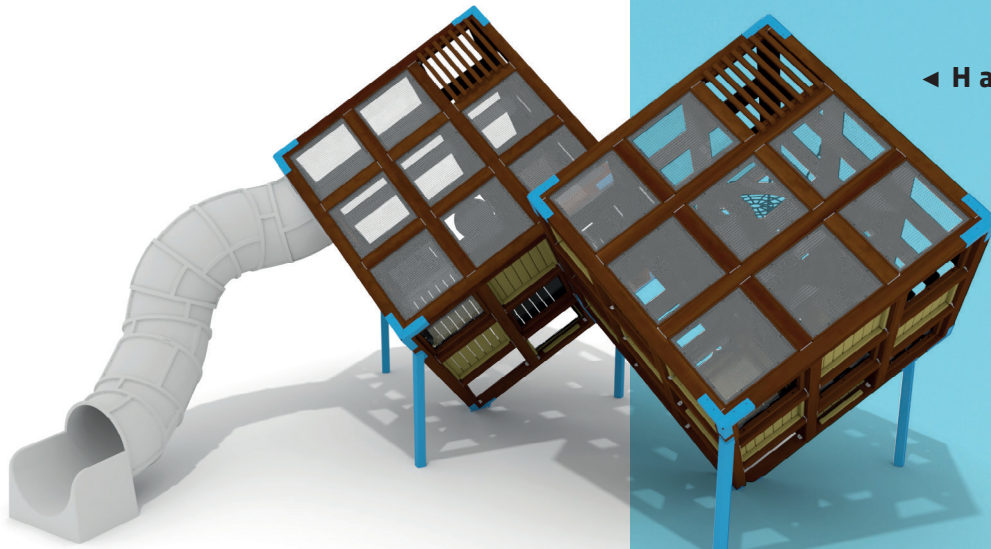

- Combine art, architecture and playfulness in a revolutionary way.
- Use an inspiring play area to boost your business. Families choose whomever provides the best and most memorable facilities for children.
- Practical yet unique and incessantly fascinating play areas are worth visiting from further afield as well.
- It's easy for you – we design and build from start to finish.

DESIGN BRINGS JOY TO PLAYING

- Cubes, cuboids and curved forms can be used to design playgrounds of different shapes and functions.
- A great functional landmark and centre of action with numerous adaptation possibilities.
- Exciting functions in a small space. The old saying "seeing is believing" does not apply here. You just have to climb in to experience it yourself!

Flora

PLAY AND NATURE ADD UP TO AN EXCITING ADVENTURE

- The nature inspired design of Flora playground equipment allows you to play in an exciting forest even in a city.
- The installation, maintenance and changing the spare parts of the Flora series could not be easier.

Sport

- The Lappset Sport range of equipment provides safe and sustainable training opportunities with modern designs for people of all ages, abilities and fitness levels.
- Our sport equipment collection covers everything you need from crossfit parks, outdoor gyms, pumptracks, street workout racks to ball arenas and wall bouldering.

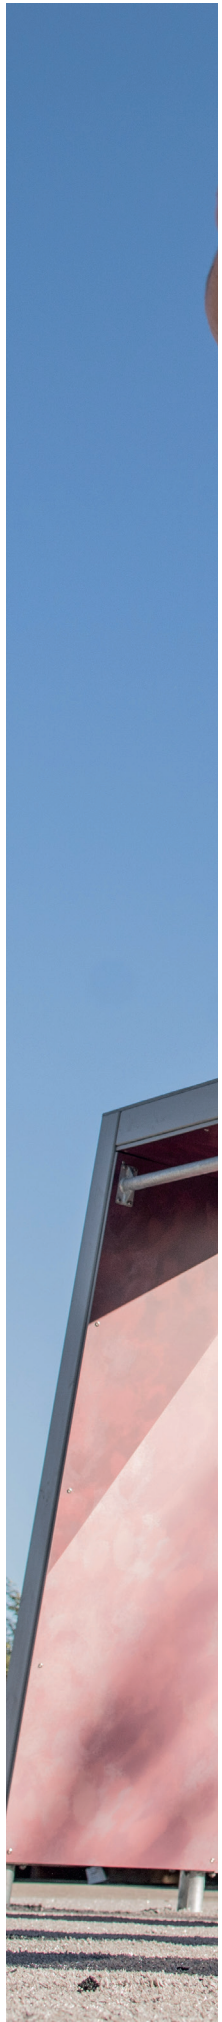

Custom Fitness Park ▲

▲ Custom Senior Park

Senior Sport

- Senior Sport equipment strengthens the motor skills and manual dexterity of the elderly. They offer sensible forms of activity, which also enhances mental well-being.
- Senior parks fulfil our mission to have people of all ages moving. The idea behind Senior Sport is also to offer different generations a natural way of spending time together.

Dash Parkour

UNINTERRUPTED MOVEMENT AND ROUGH TRAINING

- The look of the Dash Parkour is appealing and street credible, inspiring to move.
- Dash parkour is designed by parkour people for parkour people even in the smallest details.
- The equipment provides something for all levels of practitioners and situations: there are many different angles, different types of surfaces to jump, land and balance. The materials of the equipment guarantee the best experience for the users.

◀ Base L

Quality materials

NORTHERN WOOD

The wood material we use is tight-grained, PEFC™ -certified northern pine. Changes in humidity cause less changes in glulam than in solid wood. As a result, glulam maintains its shape even as time goes by.

METAL COMPONENTS

The metal parts are made of stainless steel, anodised or painted aluminium or hot-dip galvanised steel, and the steel components are either sandblasted, treated with epoxy and powdered paint or given an electrodeposited coating and then a coat of powdered paint. The metal components have excellent weather-resistant properties and a finished look, they are also recyclable.

HIGH-PRESSURE LAMINATE PANELS

We use sturdy and durable high-quality panels made of high-pressure laminate (HPL).

Warranty

These warranty terms cover the products and components manufactured by Lappset as specified below.

The warranty starts on the day the product is delivered from the Lappset Group factory. The warranty is valid only on the condition that the foundation, installation and maintenance work have been carried out and documented according to Lappset Group's instructions. A logbook of the handover inspection and documents for maintenance work carried out have to be presented, if necessary.
