Wellbeing belongs to everyone - Lappset keeps people moving!

We invite people of all ages to come out to play, move and spend time together. Wellbeing belongs to everyone, and therefore our strong mission is to develop the areas which enable the lifelong joy of exercising. For nearly 50 years, we have been enthusiastic and inspired about playing and exercising, creating playgrounds, school courtyards and communal sports facilities around the world.

Create a bold combination

We are delighted that you are joining us on our journey. Our products will provide you with unlimited opportunities to create environments where everyone is happy and can unleash their imagination. By combining different product groups, you can design a comprehensive whole, where play equipment, sports facilities and park furniture create a space where everyone will want to come. There is no need to differentiate between a playground and a gym; the child's play and parent's training, as well as a picnic site for the whole family, can all be found in the same park.

Responsible development work and creative solutions

We are taking responsibility for the environment, economy and people. Our long experience and development work and our strong mission ensure that our play and sports equipment are among the best and safest in the industry. Creativity is important in both play and product development, and that is why we always want to offer new, unique solutions that inspire people of all ages. The impressiveness, comfort, communality and functionality are combined in our products to create a sense of accomplishment and shared experiences for everyone.

We will provide you with a comprehensive package where, in addition to the design service, we can also be involved in the servicing and maintenance of the park. Our comprehensive add-on services enable the playing to continue in a fun and safe way throughout the years.

With Lappset, everyone moves on their own terms together or alone!

Lappset - 50th anniversary

Time flies when you're having fun!

This year, we have a good reason to celebrate: Lappset has been inviting and inspiring people all around the world to play for a total of 50 years. In 1970, Antero Ikäheimo noticed that there were no playgrounds for children, and, therefore, he founded a family-run business that manufactures playground equipment. Today, Lappset is one of the world's leading manufacturers of playground and outdoor sport equipment as well as themed attractions. We are extremely proud of the contribution we are making to promoting the well-being of people of all ages.

Our warmest thanks to you for having accompanied us on our journey towards providing more and more spectacular play and exercise opportunities for everyone. We hope that we can continue to help you create experiences and areas that let your imagination run free and that the whole family can enjoy together.

The jubilee year will manifest itself in our operations in many ways during this year. Please, follow our social media channels to stay informed about the past, present and future of Lappset. You can also share your memories, stories and photos related to Lappset and thus participate in the celebration of our 50th anniversary. When sharing these moments, use the hashtags #lappset50 #50yearsofplay or send us a message via social media channels.

Let's keep on playing together!

Learning and joy from play!

Everywhere in the world, children play if given the chance. A safe and inspiring playground supports learning and a child's holistic development. It feeds creativity, strengthens the ability to concentrate and develops social skills and motor functions.

Our basic philosophy is to provide children and their parents with a chance to play and exercise together. Our climbing frames, slides, carousels, spring riders, sandboxes and numerous other play equipment offer memorable moments for all ages.

Inclusive products

We want to create environments that are open to all. Our inclusive products allow everyone to move on their own terms. You can recognize these products in the catalogues from the yellow sun symbol.

Flora - a fairytale forest in the heart of the city

Step into the world of fairies and goblins. Inspired by nature, the Flora playgrounds blend harmoniously with their surroundings and are at their best in a parklike environment. The organic forms from nature are visible in the softly undulating roofs and lines of the equipment. The dark-stained tight-grain pine lends the playground a mystical atmosphere similar to one you would find in the Northern forests. Flora offers options for playing and exercising for the whole family.

Installation of the products, replacement of spare parts and maintenance have been made as easy as possible. At the same time, Flora is an environmentally friendly choice.

Halo - design brings joy to playing

The design-award winning Halo is a delight to the eyes of both children and adults. High-quality materials such as pine, steel, laminates and special plastics are durable, and Scandinavian design brings a flare of modern elegance to the world of play.

Halo is suited for the urban play environment, and consists of gracefully matching modules. The design has considered the lighting of the structures around the clock.

Halo Cubic gives you a multitude of possibilities for building a variety of entities and also extending the playground upwards. Halo Diamond is an exciting new option that will transfer play to a completely new level.

The design of the Halo range was awarded with the German Design Award in 2016.

Covered by warranty

The warranty covers free delivery of components covered by the warranty to Lappset retailer's storage that is relevant to the case or nearest to the customer. Defective parts must be replaced with Lappset components. If requested, any damaged components must be returned to Lappset Group at the sender's expense. The warranty of any replaced product or part thereof shall remain valid until the end of the warranty period of the original product or part.

In the event of damage or loss during transport, the Incoterms 2010 delivery terms shall apply in export trade, and the Finnterms 2001 terms for the delivery of goods in Finland. The recipient is responsible for checking the delivery against the packing list or dispatch note prior to accepting the delivery. If there is any external damage to packaging, this should be noted in the bill of lading. If there is any damage in the product sustained during transport that could not be detected on receipt, the forwarder's representative must be asked to inspect the goods within seven (7) days of the receipt of the goods.

Not covered by warranty

- Normal wear and tear or damage sustained during incorrect storage, installation or use, or resulting from vandalism or natural disaster.
- Corrosion of metal parts caused by salt water or salt-water fog.
- Corrosion caused by scratches and dents.
- Minor natural cracks or bends, splints or tears in wood.
- Slight fading of colours or other cosmetic faults and defects.
- Faults resulting from negligence of installation and maintenance instructions, or faults resulting from maintenance.
- Any modifications or repairs made in the product or parts thereof by other parties than LappsetGroup.
- The installation costs of the parts replaced under the warranty.
