

ULTIMATE OUTDOOR FITNESS SOURCEBOOK

Why Greenfields Outdoor Fitness?

It's never been more important to get everyone in the community exercising!

Since 2007, Greenfields Outdoor Fitness has led the way in creating fun, interactive exercise areas available to the public 24/7.

FITNESS FOR YOUR COMMUNITY There's no one-size-fits-all approach to fitness! With so many product lines and over 150 units, we customize our gyms to the unique needs of every project, making sure that the equipment is used and enjoyed for years to come. We specialize in making sure that everyone – from teens to adults to seniors, and even people in wheelchairs – can exercise on equipment that's suited to their needs.

BREAKING DOWN BARRIERS

What keeps people from working out? For those who are already fit, even a park bench can become a gym. But for others, there are many obstacles to exercise: the indoor environment, cost, intimidation factor, not knowing where to start, exercising alone, fear of injury, and lack of time, motivation, or even lack of childcare. Greenfields helps your community members overcome those barriers by providing gym equipment in an unintimidating outdoor setting. Our units are intuitive to use, designed for anyone to walk up and begin exercising. We even offer convenient scannable QR codes on our units that provide video demos. Finally, outdoor gyms in park settings allow family members of varying ability levels to work out in the same area, often while keeping an eye on the kids in an adjacent area of the park. By helping people overcome the obstacles in their journey to becoming healthier, Greenfields is improving the quality of life for people across the world.

PEACE OF MIND

Our industry-leading warranty means you should expect no out-of-pocket maintenance costs for at least the first five years. Greenfields' equipment is installed across the U.S. from Alaska to Florida, and even overseas. In case of any issues, our expert support team is just a phone call away.

CUSTOMIZE IT! Need to modify one of our packages to your project's needs? Our design team is ready to help. Looking for custom colors? Just let us know what you need.

PROJECT!

SIMMS PARK BELLFLOWER, CA

Only Greenfields brings such a diverse and functional line of equipment to serve virtually every user! The Ultimate Outdoor Fitness Experience, installed at Simms Park in Bellflower, CA, includes units from Greenfields' Professional Series, Legacy Series, Signature Accessible™ line, and even the Cross Fitness Rig! Beyond providing an appealing place for park users to exercise, the Simms Park Fitness Center & Trail has helped clean up an area formerly known for breeding negative activity.

UNIQUE

ADJUSTABLE

SIMMS PARK BELLFLOWER, CA

Now better than ever! Greenfields' cutting-edge Professional Series line, recently upgraded with a wider-range piston, delivers a challenge even to advanced users! The 18 adjustable units – many of which are installed at Simms Park – provide intense strengthening and cardio workouts.

FUNCTIONAL

SEE MORE ON PAGE 103

FUNCTIONAL FITNESS AREA SANTA ANA, CA

Experience the ultimate challenge! Greenfields' Functional Fitness Rig puts even the most advanced users to the test with features such as high rings, a climbing rope, cannonball pull-up bar, and much more. The complete functional fitness experience is now available without a gym membership! For more details on this unit, see page 110.

PRO SERIES + PLAYGROUNDS

Give parents an excellent way to fit in a workout while they keep an eye on the kids. Greenfields' Professional Series features bi-directional pistons and Safe-Stop technology, eliminating the risk of recoil should young park visitors try out the equipment. The Professional Series incorporates an adjustable resistance mechanism, allowing users to customize the difficulty level to their own needs. With 20 units - including three for those in wheelchairs - the Professional Series provides parents and other caregivers a complete workout.

SEE MORE ON PAGE 90

Please note that Greenfields units are intended for ages 14 and up.

CHALLENGING

X-TREME NINJA COURSE

SEE THIS PACKAGE ON PAGE 56

X-Treme Ninja Line

Greenfields is bringing a new challenge with the X-Treme Ninja Course. A dozen features offers a test of strength, agility, and endurance. Users can swing, climb, jump and run through the course to put themselves and others to the test.

SCHOOL PACKAGE 3

SEE THIS PACKAGE ON PAGE 83

SCAN FOR A VIDEO OF THIS PROJECT!

MISSISSIPPI STATE UNIVERSITY STARKVILLE, MS

Mississippi State University installed Greenfields' fitness equipment on a trail encircling a lake near the edge of campus. Student athletes can use the pull-up, dip, and sit-up stations on the Cross Fitness Rig, while those looking for a milder workout have the Rowing Machine, Lat Pull-Down, and Vertical Press available to them.

A view of the lake makes it the prettiest spot on campus to exercise!

SOCIAL

**FERGUSON COMMUNITY CENTER
FERGUSON, MO**

Bring communities together with Greenfields! The unique design of the exercise units – many of which accommodate two to four people – foster socialization and enhance social capital.

COMMUNITY BUILDING

SEE MORE ON PAGE 138

SPORTS PARK PACKAGE

SEE THIS PACKAGE ON PAGE 66

SPORTS CENTER at GRIJALVA PARK ORANGE, CA

Adjacent to the Grijalva Park sports fields and basketball courts, a 19-piece outdoor gym beckons both to athletes and spectators alike. The tremendously popular park amenity includes units for nearly every member of the community, including users in wheelchairs. The gym provides a full-body workout, with cardio elements, strength-building units, and stretching apparatuses. Shade structures and lighting provide a comfortable experience to park visitors during both noontday exercising and after-dark workouts.

DAY TO NIGHT

**CARTHAGE MEMORIAL HOSPITAL
CARTHAGE, IL**

A shelter covering the fitness equipment allows for exercise during rainy days. The outdoor fitness area earned the hospital the Innovation of the Year award from the Illinois Critical Access Hospital Network. The hospital has aggressively pushed usership of the fitness equipment, holding classes at the outdoor gym and creating contests that encourage people to frequent the area.

**HOFFMAN PARK
BUTTERFIELD PARK DISTRICT, LOMBARD, IL**

Built to last: Greenfields' equipment is designed to withstand sun, rain, and snow. From Alaska to Florida, Greenfields' exercise units have stood the test of time in both harsh climates and rugged, inner-city environments.

DURABLE

SEE OUR WARRANTY ON PAGE 152

FUNCTIONAL FITNESS PACKAGE 2

VISTA VIEW PARK DAVIE, FL

Adjacent to a small lake, the Vista View Park gym - anchored by the Cross Fitness Rig - gives users a full-body workout with a view. Greenfields' Functional Fitness Package 2 includes the Cross Fitness Rig plus several more exciting fitness units offering countless exercises for an amazing full-body workout! See more about this package on page 108.

FULL BODY WORKOUT

SEE THIS PACKAGE ON PAGE 76

SENIOR PACKAGES

**NORMAN P. MURRAY SENIOR CENTER
MISSION VIEJO, CA**
Create a space where those of nearly every age can work out together. Seniors love Greenfields not just because of its low-impact activities, but also because it provides excellent opportunities to enjoy quality time with younger family members.

MULTIGENERATIONAL

SMALL PACKAGES

SEE MORE ON PAGE 75

EL CONQUISTADOR APARTMENTS TUSCON, AZ

El Conquistador Apartments needed a layout for fitness equipment to fill a shaded outdoor area. With a combination of functional fitness and legacy series the compact space accommodates more than 25 people and offers a full body workout at every fitness level.

COMPACT

INVITING

OLYMPIC PARK MIAMI, FL

Both a fitness area and a butterfly garden, the Olympic Park gym was designed to attract park visitors of both the human and insect variety! Not just functional, this gym is beautiful too. Want to design an area reflecting the community's passions? The options are limitless - and Greenfields is ready to help any vision become a reality.

JROTC

SEE THIS OBSTACLE COURSE ON PAGE 58

**VAN BUREN JROTC PROGRAM
VAN BUREN, AR**

Greenfields created a challenge course for the Van Buren School District. Outdoor gyms are ideal for ROTC and JROTC programs, helping students work toward greater performance levels.

ROTC

UNIVERSITY OF MARYLAND COLLEGE PARK, MD

Outdoor exercise stations provide conditioning in the elements, the perfect environment for cadet training. Don't see what you're looking for? Greenfields can customize items from our military line to the needs of ROTC and JROTC programs. Ask about our custom color options!

**LEARN MORE ABOUT GREENFIELDS
FOR MILITARY ON PAGE 45**

TRAILS

No longer limited to simply cardio, trails can now give users a full-body workout. Install equipment in clusters for high visibility and frequent usage.

PARKS

Multigenerational, social, and accessible, Greenfields equipment is the perfect enhancement for parks of all sizes. With Greenfields you can provide workout opportunities for parents while children attend sports practices, give athletes a ready-made warmup venue, and invite underserved demographics into green spaces.

SENIORS

LAKESIDES

Enhance any waterfront with an outdoor gym! Greenfields' equipment is an excellent addition to a lakeside trail or recreational area, providing activities that family members and friends can participate in together.

Accessible, low-impact, and free to use, outdoor gyms are the ideal way to keep adults active well into their golden years. But Greenfields' gyms aren't limited to seniors – their multigenerational appeal means that grandparents can stay fit while spending time with friends and family of ALL ages.

ROADSIDES

The epitome of convenience! Outdoor gyms along busy urban thoroughfares provide an incredibly easy workout option for commuters driving home.

SCHOOLS

Make exercise something students enjoy! Less intimidating than competition sports, outdoor gyms provide a way for students to enhance their physical fitness in a fun, social environment. Schools with ROTC and JROTC programs can use outdoor fitness equipment for training and physical conditioning. And by designating gyms as joint-use areas, the rest of the community can enjoy the fitness equipment outside of school hours.

SCHOOL INCENTIVE PROGRAM

for schools, colleges/universities, and joint use area projects

HELPING YOU DO MORE

Greenfields' School Incentive Program is intended to maximize your funding so you can provide more exercise opportunities for your students! For every School Incentive Program purchase*, Greenfields will provide your school with a donation of additional gym enhancements in the form of more fitness units, specifically selected to complement your gym.

- 1 ASSESS** gym requirements - what are the ages and ability levels of the intended users? Is wheelchair accessible equipment required? How much space is available?
- 2 CHOOSE** one of our school fitness packages at greenfieldsfitness.com/school-fitness/ or let us help you customize one!
- 3 APPLY** for the **School Incentive Program** at GreenfieldsFitness.com/SIP

*Minimum investment of \$20,000 required for School Incentive Program eligibility (not including shipping). Value of the donated fitness units provided through the Greenfields School Incentive Program will be up to but not exceed 50% of dollar value of purchased equipment.

MILITARY

Greenfields Outdoor Fitness offers a variety of rugged, all-weather units for intense combat training. Greenfields is used by troops on bases across the U.S. and worldwide. Customization is available - call for details.

Proudly enhancing physical fitness in America's armed forces:

CAN'T FIND WHAT YOU'RE LOOKING FOR?

HOSPITALS

The physical and psychological benefits of outdoor exercise are especially helpful to those facing long-term hospital stays. Greenfields' wheelchair accessible units are particularly well-suited to this application. Trails and clusters on hospital grounds can serve patients, families, visitors, and staff members.

Unit labels feature safety guidelines, exercise instructions, and more!

CUSTOM SIGNAGE

SGR105

Greenfields strongly recommends the inclusion of standalone safety signage with each project.

Signage limits liability, denotes age appropriate usage, and can be used to acknowledge donors. Customization of layout, graphics, and text is available at no extra charge.

Shade sails

Multi-level shade

Mega Span

SHADE OPTIONS

Adding shade to an outdoor gym can help a community stay healthy and active rain or shine!

Designed to fit your project's unique needs

- CoolNet™ fabrics offer a high level of durability with all colors offering 90%+ U.V. Protection. All fabrics as standard meet NFPA and California Fire Marshal ratings.
- Turn-N-Slide™ is provided as standard (except on umbrellas) and provides the easiest and only patented canopy securing system in the industry.
- Single Point sail attachment provides the cleanest finished look and the easiest single point tensioning.
- Exclusive use of stainless-steel cables and hardware for increased corrosion resistance.
- 7-Step powder coat process as standard for increased corrosion resistance. Others offer as little as a two-step process.
- Extensive warranties offer customers the most comprehensive coverage.

EXTEND AND MAXIMIZE USAGE: Add lights to your shade!

Shade columns may be customized to include electrical boxes, allowing an electrician to neatly run electric conduit to light fixtures (light fixtures and electrical services not included).

ADD-ONS

Don't forget the details!

Greenfields Outdoor Fitness is your one-stop shop for nearly any amenity to complement an outdoor gym.

- We can help with ...
- Shade structures
 - Benches
 - Bike racks
 - Trash receptacles

... and more! Call us at 888-315-9037 and we'll help you put together a complete package your entire community will love.

DESIGN ASSISTANCE

The Making of a Greenfields Outdoor Fitness Center

We're ready to help you reinvigorate any space! Call us today at 888-315-9037 to get started.

1 PROJECT ASSESSMENT

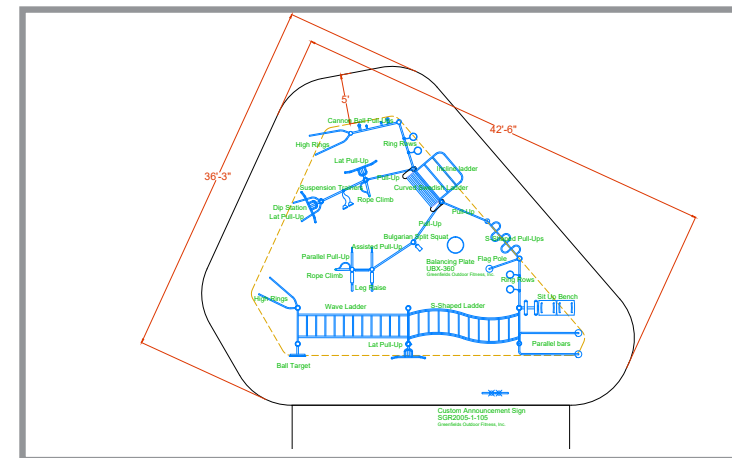

We consider several factors when helping you design your gym:

- Available space and surrounding area
- Intended users
- Budget

For the Barnett Park gym at right, project parameters called for the gym to fit in a uniquely-shaped area adjacent to the parking lot.

BARNETT PARK BEFORE ^

2 2D LAYOUT

A basic 2D layout shows the footprint of the gym. The Barnett Park Fitness Rig covers a total of 1129 square feet.

Barnett Park's completed gym allows 27 people to exercise at the same time! Features on this gym include:

- | | | |
|-----------------------|------------------------|----------------------|
| Balancing Plate | Flag Pole | Parallel Pull-Up Bar |
| Ball Target | High Rings (x2) | Pull-Up Bars (x3) |
| Cannonball Pull-Ups | Incline Ladder | Ring Rows |
| Captain's Chair | Lat Pull-Up Bar (x2) | Rope Climb |
| Curved Swedish Ladder | Leg/Knee Raise Station | S-Shaped Ladder |
| Dip Bar | Parallel Bars | S-Shaped Pull-Up Bar |
| | | Sit-Up Bench |
| | | Split Squat |
| | | Suspension Trainers |
| | | Wave Ladder |

4 FINISHED GYM

3 3D RENDERING

Visualize your fitness center with high-quality 3D images. Greenfields can even superimpose 3D graphics into photos for a realistic representations of the finished product.

SMALL PACKAGE

The Small Sample Package includes several of Greenfields' most popular exercise machines. While only incorporating 7 units, the Small Sample Package accommodates 18 people and covers all major muscle groups. The Small Sample Package is an excellent option for places such as small parks and street corners, transforming excess space into a valuable community amenity.

UNITS

- SGR022 4-Person Pendulum, Abs & Dips Station
- SGR042 2-Person Back & Arms Combo
- SGR048AW 2-Person Accessible Chest Press
- SGR048C 2-Person Combo Lat Pull & Vertical Press
- SGR071 3-Person Static Combo
- SGR091 Rowing Machine
- SGR104 4-Person Leg Press
- SGR105 Customized Announcement Sign

greenfieldsfitness.com/senior-sample-package-2

Seniors love exercising together outdoors! The Signature Accessible™ Senior Sample Package 2 provides exercise opportunities for 24 users, including 3 users in wheelchairs. Multi-user units such as Greenfields' 4-Person Leg Press and 2-Person Cross Country Ski encourage interaction, resulting in longer exercise sessions and greater health benefits.

SCHOOL PACKAGE 1

Greenfields' School Package 1 is ideal for both P.E. classes and out-of-classtime recreation. This basic package can accommodate over 50 students when used in conjunction with supplemental cardio activities.

Due to the height of some of the components in this package, Greenfields recommends the use of fall attenuating surfacing.

COMMIT TO INCLUSION

signatureaccessible.com

888.315.9037

As thousands of communities across North America have discovered, outdoor fitness equipment is a unique, fun, and cost-effective solution for a population that increasingly struggles with obesity and related health issues. But too many of these fresh-air gyms neglect a key population: individuals with mobility impairments, who due to their disabilities are more prone to sedentary lifestyles. To address this need, Greenfields has created a special line specifically for users in wheelchairs. Unique in their functionality and appeal, the Signature Accessible™ line (U.S. Patents 9,079,069 and 11,130,039) units allow users to exercise without having to transfer out of their wheelchairs. By incorporating these units into the outdoor gym, the benefits of fitness can be extended to a greater percentage of the population. In addition, the social aspect of Greenfields' fitness zones promotes integration and inclusion of individuals with mobility impairments into the greater community.

Greenfields is proud to have U.S. Paralympic medalist Jennifer French as spokesperson for the Signature Accessible™ line

French recalls the difficulties encountered when she first began using a wheelchair and wanted to exercise; the closest fitness facility that would accommodate her needs was located at a hospital an hour away. "Fitness is just as important for people with disabilities, if not more important," says French. "In the U.S., there is a higher incidence of obesity among people with disabilities than the general population. But access to equipment and facilities is much more limited."

"Having exercise equipment available to use alongside the rest of the community truly integrates people with disabilities into the world of fitness and makes it much more fun!"

INCLUSIVE by design

Because of the unique challenges faced by those with mobility impairments, staying fit and healthy can be exceptionally difficult. Fitness facilities with equipment specifically designed for this at-risk demographic are few and far between, and may involve membership fees that present a financial hurdle.

But there *is* a solution. The patented (U.S. Patents 9,079,069 and 11,130,039) Signature Accessible™ line of exercise equipment by Greenfields Outdoor Fitness is the perfect way to create exercise opportunities for those with mobility impairments.

By installing exercise equipment at parks, community centers and other public facilities, Greenfields Outdoor Fitness is helping to give every member of the community a way to exercise in an unthreatening, invigorating outdoor environment. Outdoor fitness zones with Signature Accessible™ equipment are both fully accessible and completely free to use. Even better, the fitness zones allow those with disabilities to exercise alongside able-bodied family members and friends.

Greenfields' Signature Accessible™ product line includes machines designed to both strengthen the upper body muscles used to propel manual wheelchairs, and also exercise the reverse muscles to help prevent injuries.

Visit SignatureAccessible.com or call 888-315-9037 to get started creating an accessible outdoor gym for your whole community to enjoy!

ACCESSIBLE SHOULDER PRESS (Adjustable Resistance)

UBX248W

U.S. PATENT 11,130,039

bi-directional resistance

- Develops chest, back, shoulders, triceps, forearms, and abs
- 16 resistance levels

ACCESSIBLE

UBX247W
ACCESSIBLE VERTICAL PRESS
(Adjustable Resistance)

U.S. PATENT 11,130,039

bi-directional resistance

- Develops chest, front shoulders, and triceps
- 16 resistance levels

SGR048W
2-PERSON ACCESSIBLE LAT PULL

U.S. PATENT 9,079,069

- Strengthens back muscles, shoulders, and arm muscles
- Can be used by two people simultaneously & independently of each other
- Wheelchair accessible side may be used by the able-bodied in a standing position
- Side with seat may be used by those in wheelchairs who can transfer

UBX244W
ACCESSIBLE TRICEP PRESS
(Adjustable Resistance)

U.S. PATENT 11,130,039

bi-directional resistance

- Strengthens trapezius, triceps, biceps, chest, and shoulders
- 16 resistance levels

UBX286
2-PERSON ACCESSIBLE SHOULDER WHEEL

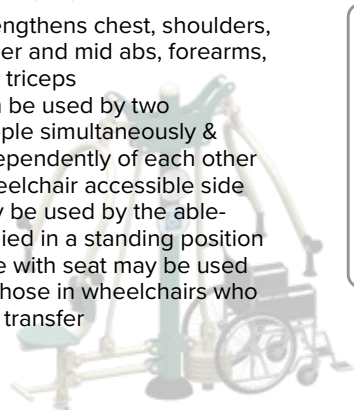

- Increases flexibility in the shoulder muscles and joints

SGR048AW
2-PERSON ACCESSIBLE CHEST PRESS

U.S. PATENT 9,079,069

- Strengthens chest, shoulders, upper and mid abs, forearms, and triceps
- Can be used by two people simultaneously & independently of each other
- Wheelchair accessible side may be used by the able-bodied in a standing position
- Side with seat may be used by those in wheelchairs who can transfer

SGR004W
2-PERSON ACCESSIBLE TAI-CHI SPINNERS

- Strengthens shoulders
- Can help improve wrist agility
- Can be used by two people simultaneously

SGR048EW
2-PERSON ACCESSIBLE COMBO BUTTERFLY & REVERSE FLY

- Develops chest, arms, back, front shoulders, and upper and mid-abs

Configuration A

Accessible Side:
Butterfly

Standard Side:
Reverse Butterfly

Configuration B

Accessible Side:
Reverse Butterfly

Standard Side:
Butterfly

SGR047W
2-PERSON ACCESSIBLE VERTICAL PRESS

U.S. PATENT 9,079,069

- Strengthens chest, shoulders, forearms, and triceps
- Can be used by two people simultaneously & independently of each other
- Wheelchair accessible side may be used by the able-bodied in a standing position
- Side with seat may be used by those in wheelchairs who can transfer

SGR048CW
2-PERSON ACCESSIBLE COMBO LAT PULL & VERTICAL PRESS

U.S. PATENT 9,079,069

- Strengthens upper back, chest, shoulders, biceps, upper and mid abs, forearms, triceps, and core
- Great social activity
- Can be used by two people simultaneously & independently of each other

U.S. PATENT 9,079,069

SGR026
2-PERSON CROSS COUNTRY SKI

- Strengthens leg muscles, improves cardiovascular endurance
- Can be used by two people simultaneously or one person alone
- Great social activity

SGR104
4-PERSON LEG PRESS

- Strengthens abdominals and leg muscles, particularly quads and calves
- Great social activity
- Can be used by four people simultaneously & independently of each other
- Also available as a 2-person model (SHP505) - please see below

SHP505
2-PERSON LEG PRESS

- Strengthens calves, hamstrings, glutes, and quadriceps
- Can be used by two people simultaneously & independently of each other
- Also available in a 4-person model (SGR104) - please see above

SGR042
2-PERSON BACK & ARMS COMBO

- Strengthens back, biceps, triceps, trapezius, and shoulders
- Great social activity
- Can be used by two people simultaneously & independently of each other

SGR047
2-PERSON VERTICAL PRESS

- Strengthens chest, shoulders, forearms, and triceps
- Great social activity
- Can be used by two people simultaneously & independently of each other

SGR048
2-PERSON LAT PULL

- Strengthens back muscles, shoulders, and arm muscles
- Great social activity
- Can be used by two people simultaneously & independently of each other

SGR022
4-PERSON PENDULUM, ABS, & DIPS STATION

- Strengthens chest, shoulders, biceps, forearms, lower back, and abdominals
- Loosens hips and side
- Can be used by four people simultaneously & independently of each other
- Great social activity

SGR021
4-PERSON LOWER BODY COMBO

- Strengthens legs, glutes, obliques, triceps, shoulders, chest, and core
- Stretches lower back and inner thigh
- Can be used by four people simultaneously & independently of each other
- Great social activity

SGR046
4-PERSON TWISTING STATION

- Stretches torso
- Can be used by four people simultaneously & independently of each other
- Great social activity

SHP503
SINGLE ELLIPTICAL

- Strengthens leg muscles
- Improves cardiovascular endurance

UPPER BODY/CORE

RESISTANCE FREE

SGR048C
2-PERSON COMBO LAT PULL & VERTICAL PRESS

- Strengthens upper back, chest, shoulders, biceps, upper and mid abs, forearms, triceps, and core
- Great social activity
- Can be used by two people simultaneously & independently of each other

SGR048E
2-PERSON COMBO BUTTERFLY & REVERSE FLY

- Develops chest, arms, front shoulders, back, and upper and mid-abs
- Can be used by two people simultaneously & independently of each other

SGR048A
2-PERSON CHEST PRESS

- Strengthens chest, shoulders, upper and mid abs, forearms, and triceps
- Great social activity
- Can be used by two people simultaneously & independently of each other

SGR009
SINGLE CROSS COUNTRY SKI

- Strengthens leg muscles
- Improves cardiovascular endurance
- Also available in a 2-Person model (SGR026) - please see page 138

SGR023
2-PERSON AIR WALKER

- Strengthens and stretches leg muscles
- Increases lower body range of motion
- Also available as a 1-person model (SHP506) - please see below

SHP506
SINGLE AIR WALKER

- Strengthens and stretches leg muscles
- Increases lower body range of motion
- Also available as a 2-person model (SGR023) - please see above

SGR091
ROWING MACHINE

- Strengthens back muscles, shoulders, arm muscles, and abdominals
- Improves cardiovascular endurance

SGR098
LEG EXTENSION

- Strengthens abdominals and leg muscles, particularly quads

SHP730
BALANCE STEPS

- Improves balance
- Develops posture control
- Improves cardiovascular endurance

WARRANTY

- Limited 10-year warranty on main post and metal structure
- Limited 5-year warranty on moving parts and bearings
- Limited 5-year warranty on seats and backrests
- Limited 3-year warranty on hydraulic pistons
- Limited 2-year warranty on footrests, armrests, rubber parts, and chains
- Limited 1-year warranty on battle ropes, climbing ropes, and suspension trainers

All warranties cover failure due to natural deterioration or manufacturing defects and do not include any cosmetic issues or wear and tear from normal use. This warranty does not cover cosmetic items such as scratches, dents, marring, fading, discoloring, weathering, wear and tear, or normal level of rusting. Warranty is valid only if the equipment is installed and maintained in conformity with Greenfields' installation and maintenance procedures furnished by Greenfields Outdoor Fitness. Equipment should not be exposed to any irrigation, especially with reclaimed water, as this will void the warranty. Equipment must be installed on a surface with proper drainage and or slope to prevent water buildup around the base of the equipment. Equipment should not be installed in basins or in low-lying areas which result in equipment being submerged. Equipment should be installed in a timely fashion after delivery; however if the equipment must be stored for an extended period of time, crates should be stored in a dry, indoor environment.

OTHER PRODUCT INFORMATION

Greenfields will continue to develop its line of products and therefore reserves the right to change the design specifications without notice. The equipment is designed for use by individuals weighing up to 300 pounds. The equipment is NOT intended to be used by individuals younger than 14 years of age unless supervised by adults. Greenfields' units are designed to accommodate the majority of users age 14 and above; however, due to the nature of outdoor fitness equipment, units are regarded as "one size fits most, but not all."

CUSTOMER SUPPORT

Upon written notification (email or fax) to Greenfields of a product's failure to conform to any of the aforementioned warranties during the applicable warranty period, Greenfields shall correct such failure/nonconformity by repairing the defective part(s) or providing replacement part(s) within 60 calendar days of receipt of the notification. Greenfields shall ship the required replacement part(s) to the site free of charge, but will not be responsible for providing labor or the cost of labor for removing defective part(s) or installing replacement part(s). Greenfields will warranty the replacement part(s) for the remainder of the original warranty period. Furthermore, no representation, oral or written, of any individual may be substituted for this exclusive limited warranty. To the extent permitted by law, Greenfields shall not be liable for any direct, indirect, special, incidental or consequential damages, which are expressly excluded from the sale of its product. To make claims under the terms of this warranty, please contact Greenfields' Customer Support Center at CSC@GreenfieldsFitness.com. Please include photos or video.

INSTALLATION

Greenfields' equipment is constructed from heavy steel pipes and is subject to heavy forces and torques when in use as intended. Extra care must be taken to ensure that the equipment is securely installed so that it can be safely enjoyed for years to come. There are two methods of installation for the equipment:

- Surface mount installation with posts bolted to a reinforced concrete slab a minimum of 6"-8" thick (please refer to Installation Instructions & Video for detailed guidelines)
- Permanent in-ground installation in which the equipment post extensions are placed in concrete footings and use provided rebar pegs (please refer to Installation Instructions & Video for detailed guidelines)

Installers and project managers are encouraged to contact Greenfields' Customer Support Center with any questions before and/or after installation. Detailed installations instructions are available for all products and are included in the Operations & Maintenance (O&M) Owner's Manuals which are shipped with every order. Often the installation of Greenfields products is assigned to the lowest bidding contractor. The contractor may not have been in contact with Greenfields prior to the project or seen the detailed Installation Instructions. It is the responsibility of the project manager to ensure installing contractor is provided with the most updated set of Greenfields' Installation Instructions & Installation Video to ensure the validity of the warranty. Should the project installer need a copy of the Installation Instructions, please contact Greenfields' Customer Support Center at 888-315-9037 x105 or by email at CSC@GreenfieldsFitness.com.

SAFETY STANDARDS

This adult outdoor fitness equipment is not intended for use by unsupervised individuals younger than 14 years of age. ASTM recently adopted ASTM F3101-15 Standard Specification for Unsupervised Public Use Outdoor Fitness

Equipment. While playgrounds are subject to laws in various states requiring compliance with ASTM and/or Consumer Product Safety Commission (CPSC) guidelines, at time of this publication, and to the best knowledge of the author, there are no state laws requiring compliance with standards set forth by ASTM for outdoor fitness equipment (nor with CPSC guidelines, as none currently exist.) Play equipment can be certified to be in compliance with ASTM by the International Playground Equipment Manufacturers Association (IPEMA), and many agencies have a requirement that they only purchase equipment that is IPEMA certified. However, at this time, this is not possible with outdoor fitness equipment, as IPEMA does not currently certify compliance of outdoor fitness equipment. In addition, at this time there are no programs in place to train certified inspectors for outdoor fitness equipment. Without a state law that requires compliance, specifications are voluntary only. However, Greenfields Outdoor Fitness strives to comply with all of the voluntary specifications of ASTM F3101-15. Greenfields recommends adding a customized sign to each project to limit liability.

SURFACING MATERIALS

Over the years, Greenfields' product has been installed using the following types of surfacing: decomposed granite (aka DG or crushed granite), concrete, bonded rubber or poured-in-place surfacing, rubber tiles, asphalt, paver stones, and synthetic grass. Mulch, woodchips, beach sand, and sod have also been used but are not recommended with respect to wheelchair access. The type of surfacing used is ultimately the choice of the owner and their project manager. When it comes to Greenfields Functional Fitness Series, it is advised to use fall attenuating surfacing.

MAINTENANCE & EQUIPMENT UPKEEP

Greenfields Outdoor Fitness equipment is intended to be used by the unsupervised public in a variety of outdoor settings. Greenfields is extremely proud of the safe and durable design of its products, which are built to surpass their warranty under normal usage. Installations throughout the hemisphere prove this equipment's success in both hot and cold climates, as well as dry and humid conditions. While the units are designed to require, for the most part, little to no maintenance, Greenfields recognizes that heavy and constant usage will require a minimal level of maintenance which will be scheduled based on the specific nature of each project. Installation on an ocean front, or with a direct line of sight to the ocean, will expose the units to salt and will require additional maintenance which is not required at inland sites or in dry climates. Such installations will require a regular fresh water rinse to remove the salt from the units (do not use reclaimed water - exposing the equipment to reclaimed water will void warranty). Greenfields recommends periodic inspection by a maintenance team to ensure each and every apparatus functions as intended. Please refer to the Periodic Inspection Checklist provided with the O&M Owner's Manuals.

HERE TO HELP

CUSTOMER SUPPORT CENTER

Our Customer Support Center is available to answer questions regarding project layout, pre-installation, installation, and equipment up-keep. Our team has extensive experience and stands ready to provide you with expert guidance.

We provide detailed documentation for installation and maintenance teams to ensure that the gym will function at peak performance for years to come.

The Customer Support Center may be reached at 888-315-9037 x105 or csc@greenfieldsfitness.com.

Building Fun Since 1981SM

For three decades, Kraftsman Commercial Playground and Waterparks have enriched communities through affordable, safe play experiences that will last for generations. As innovators, we approach each project with strategic creativity, providing uncompromising quality with the best products and services available. We build engaging, interactive experiences that create economic value, connect the diversity of communities and promote the freedom of self-discovery. From the initial planning to the ribbon cutting ceremony, the team at Kraftsman provides the playground and aquatic products and designs vital to community progress and human development through safe outdoor spaces that enrich the lives of all ages who seek new adventures.
