

ID SCULPTURE

PLAY. CLIMB. EXPLORE.

ID Sculpture is the industry leader in meeting the developmental needs of children through climbing activities. We do this by combining carefully designed physical challenges with imaginative play and a commitment to our core principals.

- Kids thrive when they feel an authentic sense of adventure and can safely explore their limits
- Nothing fosters learning like imagination
- Every project is local and should reflect the spirit of its community
- Universal design should be a part of all playgrounds
- Playgrounds should appeal to adults as much as children
- Collaboration is the cornerstone of good design
- As stewards of the environment, we have a responsibility to minimize our impacts and build the most durable products possible

what's inside

Themed Play	4-9
Woodlands	10-14
Terra Critters	15-17
Performance Boulders	18-21

performance
boulders

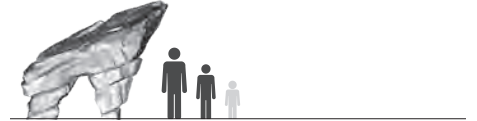

ID Sculpture was founded out of a passion to make rock climbing accessible. Our Performance Boulders feature natural sculpted routes, creating an authentic climbing experience for all ages and abilities. These are world class boulders inspired by our roots in real world climbing.

Climbing is associated with improved physical fitness and mental health.

Age Group Designation

Safety is at the heart of all we do. Compliance with nationally recognized standards provides a safer environment for children and the general public. All of our playground features conform to ASTM F1487, the "Standard Consumer Safety Performance Specification for Playground Equipment for Public Use" as well as the Consumer Product Safety Commission (CPSC) Guidelines. We proudly offer a range of products certified under the International Playground Manufacturers Association, Inc. (IPEMA) Product Certification Program.

The IPEMA Certified logo will be used to signify products that are IPEMA certified to ASTM F1487.
