| Use Zone (sq.ft.) | 624    |
| Max Fall Height   | 3' 4"  |

The Halo Diamond Cube is tilted, which gives users the opportunity to test their ability to balance and navigate in the most surprising way ever. This unit provides a challenging and fun experience. Inside the cube are some familiar elements such as a balancing ball, a rope net, and an entry to the plastic tube slide. The old saying "seeing is believing" does not apply here. You just have to climb in to experience it yourself!

Kraftsman showcased this piece at the 2021 TML Expo in Houston, TX. Fall surfacing is not included in the sale price. No other discounts apply.
